St. James' Racial Justice Committee invites you to a special screening of the documentary film *Finding Fellowship* followed by a discussion with the **film's director, Jason Green and co-producer Kisha Davis.**

Finding Fellowship tells the story of three churches in Quince Orchard, one black congregation and two white congregations, who made the decision to combine shortly before the assassination of Dr. Martin Luther King Jr. It is a story about how they found community and fellowship, despite their differences and the tensions of the times. It is a story of that time, and a story for our time.
