

# Children's Ministry Registration

## St. James' Sunday School and Nursery

Welcome to the St. James' Sunday School and Nursery programs. We offer a Children's Worship/Sunday School program for children age 2.5 through fifth grade. The program begins when the late Sunday worship service begins, and ends at the conclusion of our service, unless we are celebrating Holy Eucharist, when the children will be brought into the sanctuary to join their families in church for communion. Childcare for infants is offered during the worship service. We will make every effort to hold Sunday School and Childcare outdoors during the pandemic, but in case of inclement weather, will socially distance in the undercroft (lower level of the church).

By registering your child for Sunday School, you agree to follow St. James' COVID guidelines.
